

2nd TransplantChild workshop on translational research:
“Novel strategies in paediatric transplantation”

Transplantation in Children
(ERN TRANSPLANT-CHILD)

2nd TransplantChild workshop
on translational research:
“Novel strategies in
paediatric transplantation”

November 30th, 2020
Online

Welcome presentation

- 9:00-9:15 | *By Prof Kalicinski – Children’s Memorial Health Institute, Warsaw, Poland*
By Dr Paloma Jara – Hospital Universitario La Paz, Madrid, Spain

Session I. Transplantation issues

Chair: Prof Jaroslaw Czerwinski – Medical Director of Poltransplant

Lecture 1. Ethical problems in paediatric transplantation

- 9:15-9:45 | *By Dr Ryszard Grenda – Children’s Memorial Health Institute, Warsaw, Poland*

9:45-9:50 | Discussion

Lecture 2. Increasing transplantation opportunities of paediatric patients: the spanish approach

- 9:50-10:05 | *By Dr Alicia Pérez – ONT, Spain*

10:05-10:10 | Discussion

Lecture 3. Omics - the future of transplantology - how far in paediatric patients?

- 10:10-10:40 | *By Dr Leszek Paczek – Medical University of Warsaw, Warsaw, Poland*

10:40-10:45 | Discussion

10:45-11:00 | Coffee break

Session II. General session. Post-transplantation issues

Chair: Prof Piotr Kalicinski – Children’s Memorial Health Institute, Warsaw,
Poland

11:00- 11:15	Lecture 1. PTLD predictive value of PCR EBV-DNA load measured in whole blood and plasma - comparative study <i>By Dr Maria Janowska & Dr Beata Kasztelewicz – Children’s Memorial Health Institute, Warsaw, Poland</i>
11:15- 11:20	Discussion
11:20- 11:35	Lecture 2. Real-world evidence: the essential role of patient-reported outcomes in research <i>By Dr Carlos Martín – Carlos III Health Institute, Madrid, Spain</i>
11:35- 11:40	Discussion
11:40- 11:55	Lecture 3. How to improve adherence to treatment? Nurse + Physician <i>By José Maria Igeno San Miguel & Ilaria de Barbieri – Azienda Ospedaliera di Padova, Padova, Italy</i>
11:55- 12:00	Discussion

Session III

Chair: María Jesús Pascau – Hospital Universitario La Paz, Madrid, Spain

14:40-	Lecture. Care and prevention of central venous catheters
14:55	<i>By Karolina Kulevic – Vilnius University Hospital, Vilnius, Lithuania</i>
14:55-	Discussion
15:00	

Parallel session. Nursing teams

Replicable experiences in the care of transplanted children

Chair: Madalena Gama – Centro Hospitalar do Porto, Porto, Portugal

15:00-	Lecture 1. Start-up of nursing research in a paediatric onco-haematology unit
15:15	<i>By Ida Ophorst MSc – Prinses Máxima Centrum, Utrecht, Netherlands</i>
15:15-	Discussion
15:20	
15:20-	Lecture 2. JACIE accreditation process in a HSCT unit
15:35	<i>By Alba Fernández Arroyo – Hospital Universitario La Paz, Madrid, Spain</i>
15:35-	Discussion
15:40	
15:40-	Lecture 3. Nurse-led clinics for transplanted children
15:55	<i>By Jenny Yerlett – King’s College Hospital, London, United Kingdom</i>
15:55-	Discussion
16:00	

Parallel session. Medical professionals

Translational practices on paediatric transplantation research

Chair: Dr Ulrich Baumann – Hannover Medical School, Hannover, Germany

15:00-	Lecture 1. Transplant tolerance: from mixed chimerism to donor-specific immune regulation
15:15	<i>By Prof Julien Zuber – Hôpital Necker-Enfants malades, Paris, France</i>
15:15-	Discussion
15:20	
15:20-	Lecture 2. ThyTreg cell therapy to induce immune tolerance in transplanted children. A new approach to achieve the indefinite graft survival
15:35	<i>By Dr Rafael Correa – Hospital General Universitario Gregorio Marañón, Madrid, Spain</i>
15:35-	Discussion
15:40	
15:40-	Lecture 3. Experimental models in the transplantation Research
15:55	<i>By Dr Francisco Hernández – Hospital Universitario La Paz, Madrid, Spain</i>
15:55-	Discussion
16:00	

Session IV

Nursing teams.

Treatment adherence: point of view of nursing teams

Chair: Mrs Ester Sánchez – Hospital Universitario La Paz, Madrid, Spain

Medical professionals.

Clinical cases discussion

Chair: Prof Christophe Chardot – Hôpital Necker-Enfants malades, Paris, France

16:00-16:15	<p>Lecture 1. Treatment adherence in adolescents</p> <p><i>By Matilde Correia – Centro Hospitalar e Universitário de Coimbra, Coimbra, Portugal</i></p>	16:00-16:15	<p>Clinical case 1</p> <p><i>By Dr Jelena Rascon – Vilnius University Hospital, Vilnius, Lithuania</i></p>
16:15-16:20	Discussion	16:15-16:20	Discussion
16:20-16:35	<p>Lecture 2. Remote Patient Monitoring Program: follow-up, confidence and empowerment</p> <p><i>By Raquel Rodríguez – Hospital Universitario La Paz, Madrid, Spain</i></p>	16:20-16:35	<p>Clinical case 2</p> <p><i>By Dr Héctor Vilca – King’s College Hospital, London, United Kingdom</i></p>
16:35-16:40	Discussion	16:35-16:40	Discussion
16:40-16:55	<p>Lecture 3. Therapeutic adherence in teenagers</p> <p><i>By Joanna Ulinska – Children’s Memorial Health Institute, Warsaw, Poland</i></p>	16:40-16:55	<p>Clinical case 3</p> <p><i>By Dr Julien Grosman – Hôpital Necker-Enfants malades, Paris, France</i></p>
16:55-17:00	Discussion	16:55-17:00	Discussion
17:00-17:30	<p>Wrap up and closure</p>
